NO

MORE ALCOHOL RELATED PROBLEMS

NO

FACT:

Alcohol is the #1 drug of choice for children and adolescents. It is the #1 gateway drug to other drugs.

Alcohol is the leading contributor to the leading causes of death among young people in the United States.

Each year about 5,000 people under age 21 die from alcohol-related injuries involving underage drinking.

In Alabama in 2007, an estimated 66 traffic deaths involved an underage drinking driver.
